

I Wish It Was Over

Teddy Thompson

I wish it was over
I wish we were through
I wish when my phone rang
It wasn't always you

I don't even like you
Or can't you tell
Whenever I'm sober
I treat you like hell

I wish it was over
I wish it was over
I wish it was over

If I could be stronger
And not so weak
Instead of just thinking
Maybe I could speak

I don't think you're special
You're certainly not smart
This being together
Is tearing me apart

I wish it was over
I wish it was over
I wish it was over

I wish it was over
