

## I Wonder If I Care As Much

Teddy Thompson

I wonder if I care as much  
As I did before  
Last night I cried myself to sleep  
For the one that makes me weep  
I dried my eyes to grieve the day  
And wondered why I had to pay

The tears that I have she'd by day  
Give relief and wash away  
The memory of the night before  
I wonder if I'll suffer more

I wonder if I care as much  
As I did before  
My heart can't thrive on misery  
My life it has no destiny  
When things get more then I can bare

I ask myself if I still care  
I wonder if I care as much  
As I did before
