

## In My Arms

Teddy Thompson

got an easy place to be  
in my arms, in my arms  
got a simple space to feel free  
in my arms, oh in my arms

keep it on the recent  
keep it on the now  
give me an easy way out

it's a lonely world that I got  
in my arms whoo in my arms  
got a lot of room to get lost  
in my arms oh in my arms

keep it on the recent  
keep it on the now  
give me an easy way out

got an easy place to be  
in my arms oh in my arms  
not much to fear from me  
in my arms oh in my arms  
in my arms
