In My Arms

Teddy Thompson

got an easy place to be
in my arms, in my arms
got a simple space to feel free
in my arms, oh in my arms

keep it on the recent
keep it on the now
give me an easy way out

it's a lonely world that I got
in my arms whoo in my arms
got a lot of room to get lost
in my arms oh in my arms

keep it on the recent
keep it on the now
give me an easy way out

got an easy place to be in my arms oh in my arms not much to fear from me in my arms oh in my arms in my arms
