

In The Studio Yo!

Teddy Thompson

I like recording in the studio
Gives me something to do, yo, yo
Yo, yo
Go in the booth and I lay it down
Microphone's got a killer sound, yo
Yo, yo
In the studio
In the studio

I like recording in the studio
Keeps me off of the streets yo, yo
Yo, yo
Sing it loud and I stamp my feet
Listen back and it sounds so sweet, yo, yo
Yo, yo
In the studio
In the studio

In the studio
In the studio

Studio is the place to go
To hide from life and the folks you know
You can get away with anything
If you can play and you can sing

Hey, I like recording in the studio
Gives me something to do, yo, yo
Yo, yo
Go in the booth and I lay it down
This guitar's got a hell of a sound, yo
Yo, yo
In the studio
In the studio
In the studio
