That's Enough Out Of You

Teddy Thompson

Hey now That's enough out of you I get tired Just watching your jaw move

People that talk this much Have nothing to say

You're so up there It brings me down I wanna turn your smile Into a frown

Being happy is easy if you're dumb

And I've tried to get you out of my life But you seem to enjoy being used I've lied cheated been unkind What else can I do?

And living in your world must be fun With no idea what's going on Just thinking you're the bomb!
