

# Shelter

Tedeschi Trucks Band

They made their promises then they walked away  
Fair-weather friends are gone for good  
You never cared about what others had to say  
And through it all you understood

You are my prayer in times of trouble  
I'll be your answer when you call  
I'll shelter you, shelter me

Wake up but keep dreaming that you were born to fly  
When your heart is heavy like a stone  
I'll lift your burden high until you realize  
That through the storm you soldiered on

You are my prayer in times of trouble  
I'll be your answer when you call

Oh, you showed me that your actions  
Speak louder than your words

You are my prayer in times of trouble  
And I'll be your answer when you call

You are my prayer in times of trouble  
I'll be your answer when you call

When you need me, oh, yeah  
I'll be your answer when you call  
I'll shelter you, shelter me
