

The Storm

Tedeschi Trucks Band

All talk all day
Down the west highway
Liar burning in my neighborhood
All that I say but it never would
.got to move away
I didnt believe him
That Im gonna stay
Dont wanna turn to that place there too high
Deal me a seat
Ive waited all this time
When starts highland
Starts that moving in
Storm will rise up
No where land this way
Formal rising, hotels coming back
You cant deny it
...at me
