

## The Storm

Tedeschi Trucks Band

All talk all day  
Down the west highway  
Liar burning in my neighborhood  
All that I say but it never would  
.got to move away  
I didnt believe him  
That Im gonna stay  
Dont wanna turn to that place there too high  
Deal me a seat  
Ive waited all this time  
When starts highland  
Starts that moving in  
Storm will rise up  
No where land this way  
Formal rising, hotels coming back  
You cant deny it  
...at me
