

Well I've been running with the night  
Trying to find the treasure and it's just beyond the  
light  
People  
Go with the flow  
How many beats per measure will determine where we go

We don't need no Mercedes  
We don't need no Cadillac  
We don't need no harley baby  
To put us on the right track

Though I know my world may change  
It's all in fun and games  
And I know adventure is just the way to live  
I've got to let the gypsy dance  
Forget about the past  
One answer to the question asked  
What's at the end of the rainbow?  
At the end of every rainbow there's a pot of that 14k  
Golden lovely shine for me today  
Everybody get up  
It's beautiful today

Well I've been talking to the moon  
Conversation  
kismet but it always ends too soon  
Tripping  
perhaps by choice  
I like to feel the magic  
Can't you hear it in my voice

We don't need no steam roller  
We don't even need a jet  
We don't need no rapid transit  
To show us where it's at

Stay golden shine for me today

We're going on a treasure hunt  
Care to come along?  
Diamonds, emeralds, rubies and a list of jewels this  
long  
It could be so adventurous  
Listen what I say  
14 k-14 k-14 k-14 k  
Golden shining nuggets  
Shine for you and me baby  
Come and take my hand  
What you say-  
14 k
