

# How Can You Resist It

Teena Marie

He had brunet hair with blond streaks  
A different kind of fellow  
Sitting on the road in New Orleans

He ate fillet gumbo, I think I ordered steak  
I looked into his eyes and said  
For Heaven's sake, listen to me  
I got you need

I don't know what to do anymore  
I've shown him all of my love and more

And I said stay by my side  
Got your ticket to ride  
And he blushed at my verbal logistics  
And he shied but he came  
As he asked me my name  
And I said I am love  
And how can you resist it

Poetry in motion but it don't pay no dues  
And me, I'm always playing my rhythm and blues  
Sitting on the road, Bourbon Street

I got country cousins they got a steely knife  
But he doesn't want to settle down  
For the rest of his life  
So I'll just keep it cutting

I don't know what to do anymore  
I've shown him all of my love and more

And I said stay by my side  
Got your ticket to ride  
And he blushed at my verbal logistics  
And he shied but he came  
As he asked me my name  
And I said I am love  
And how can you resist it

Now that you've kissed it  
How can you resist it  
If you go  
I know you're gonna miss it  
How can you resist it  
After all  
You told me that you wished it  
How can you resist it
