

## My Dear Mr. Gaye

Teena Marie

Come inside from the rain  
Let me make love to you  
Until the drops dry on the windowpane  
Heart to heart you took my soul  
And now my feelings must be revealed  
And our love we must unfold

Like all the ladies  
Loved you My Dear Mr. Gaye  
All the ladies  
Loved you My Dear Mr. Gaye

Trouble man now you're home  
Let me hear you whisper softly  
Secret words to me alone  
Free your mind and take my soul  
Inside your feelings, sing one for me  
For my love it sings for you

Like all the ladies  
Loved you My Dear Mr. Gaye  
All the ladies  
Loved you My Dear Mr. Gaye

Soon you will see a pretty rainbow  
Shining through the clouds  
Open up the heavens  
God has sent an angel  
And just like rain comes down  
You will always be around
