Naked To The World

Teena Marie

Hello stranger, don't say a word 'Cause we haven't got much time So for now just hold me

I'm wishing on a star, baby, to follow where you are And to shine, like you shined when your love was mine Before we were, now what we are

Baby, there's a silence that's golden in my eyes And if you'd just listen my lips will tell you why

That when I say that I'm a lonely girl I'm feeling like I'm naked to the world And if you leave with my defenses down I'll never hear another sound but my heart

Beating-hush don't explain 'Cause we've got to make the most Out of every moment

I'm wishing, wishing on a star to follow where you are And though the time moves so fast in the hourglass Can you give me now what you are

Baby there was winter in our discontent And if you just listen I'll tell you what I meant

That when I say that I'm a lonely girl I'm feeling like I'm naked to the world And if you leave with my defenses down I'll never hear another sound but my heart

Beating, beating-whoa, whoa, whoa Naked to the silence that's ringing, ringing in my ears And if you'd just listen my lips are gonna tell you dear

That when I say that I'm a lonely girl I'm feeling like I'm naked I'm feeling like I'm naked I'm feeling like, I'm feeling like I'm naked Naked, naked to the world Naked to the, naked to the world

That when I say that I'm a lonely girl Oh I can't stand it-No, I can't stand it That ain't the way no-that ain't the way God planned it Naked to the world, I'm just a lonely girl I'm living in a lonely world And if you walk out my door I won't be able to stand no more
