

## Opus III: The Second Movement

Teena Marie

I remember your songs  
And they were timeless Minnie  
The perfect melody  
You were the sweet and soulful bird  
And you left a fire Marvin  
Here in the darkness  
To light my life  
To lift my voice  
To bring some peace  
Into my world  
Kyrie Elieson  
Christie Elieson  
I love you Lord, you heard my cry  
And pitied every groan Donny  
As long as I live  
Whilst trouble rise  
I'll hasten to your throne...
