

# Rare Breed

Teena Marie

This one is for all the ladies  
This one is for all the sexy ladies  
This one is for all the ladies  
This one is for all the sexy ladies

I could say that I was born with maids and servants at my feet  
But everything I ever tasted in this life is sweet  
I could say a silver spoon was in my mouth when I appeared  
And the queen of England whispered to me in this very ear  
She said

My lips, my eyes  
The way I'm ridin'  
My heart, my soul  
I'll do it till I  
I'm satisfied,  
My very essence  
The way I dance

Baby I'm a rare breed  
Do you know what a lover needs  
Baby I'm a rare breed  
I'm that special one

I could say they broke the moon  
That day my mama gave me breath  
Unless I do it my way from my birth until my death  
I can say I had the world here in my hands and I believe  
The angels step beside me to protect my very dreams  
And they said

My lips, my eyes  
The way I'm ridin'  
My heart, my soul  
I'll do it till I  
I'm satisfied,  
My very essence  
The way I dance

Baby I'm a rare breed  
Do you know what a lover needs  
Baby I'm a rare breed  
I'm that special one

'Cause I was born to be wild baby  
And I like to play  
I said I like to play  
'Cause I'm find your instrument baby  
It's in my DNA  
It's in my DNA

Tell 'em who you roll with  
Tell 'em how you ride  
Tell 'em 'bout your slick brick  
Do it  
Tell 'em who you be with  
Yes I'm gonna find

Coming up as a Shawty in the fast lane  
Baby I'm for real

I could say that I was royalty  
And this too would be true  
'Cause I lived on the west side baby  
And I rode for you  
I could say that I'm one of the baddest ladies in this game  
And if you wanna write it down  
Then don't forget my name  
'Cause I said

My lips, my eyes  
The way I'm ridin'  
My heart, my soul  
I'll do it till I  
I'm satisfied,  
My very essence  
The way I dance

Baby I'm a rare breed  
Do you know what a lover needs  
Baby I'm a rare breed  
I'm that special one
