## **Robbery**

## **Teena Marie**

Standing on the corner of rhythm and blues
A Valentino smile gave me my first clue
Tell me girl, I wonder can you spare me some time
He said, I mean more than just your nine to five

Love at first sight I thought so Or maybe it was the clock That led me to his passion It was not "pillow talk"

When he taught me to spell disaster I hollered someone save me

There's been a robbery, somebody please I'm gonna put out an A.P.B, a love thievery There's been a robbery, somebody please I'm gonna put out an A.P.B, a love thievery

Save me, save me, save me, save me, save me, save me, save me

He was Poitier and Gable all rolled into one man A Marlon Brando voice, played me to his hand Sweet words not just saccharin But the pure sugarcane Confection surely drips When he speaks my name

Love at first sight I thought so Or maybe it was the clock
That led me to his passion
It was not "pillow talk"

When he taught me to spell disaster I hollered someone save me

There's been a robbery, somebody please I'm gonna put out an A.P.B, a love thievery There's been a robbery, somebody please I'm gonna put out an A.P.B, a love thievery

Save me, save me

[Background:]
Someone save me
He's gonna get me

Robbery A.P.B Robbery A.P.B Save me A.P.B Robbery A.P.B

Please, somebody please, there's been a robbery

He's got my heart and love baby, baby Somebody please, there's been a robbery I'm gonna put out an A.P.B Somebody please, there's been a robbery He's got my heart and love baby, baby Somebody please, there's been a robbery I'm gonna put out an A.P.B Somebody please
