

## A Bomb

Teenage Bottlerocket

If you don't shut your mouth he'll shut it for you  
Don't poke your fun at him he's got a short fuse  
If he blows up you can count on going down  
His atomic blasts enough to kill the whole town

Hiroshima will seem like a cherry bomb  
Nagasaki is nothing next to this one  
His aftershock will pull up trees from their roots  
It will smash your windows and put your car on your roof

He's an A Bomb (8x)
