

Fatso Goes Nutzoid

Teenage Bottlerocket

Insecure about the size of my body
Don't want to be on top of anybody
In second grade the kids all started to tease me
Mom and Dad were mad that I wasn't that happy
I will never look like you
It doesn't matter what I do
I see these people on TV
They never seem to look like me
Insecure about the size of my body
Don't want to be on top of anybody
I never seem to feel that pretty
The kids say fat and they're never kidding
I lie and say it doesn't bother me at all
I will never look like you
It doesn't matter what I do
I swallow pills I try to run
To tell the truth it's not that fun
Insecure
