

Go-Go

Teenage Bottlerocket

I just wanted you to go-go
I just needed you to go-go
I just wanted you to go-go
I just needed you to go-go

Now I'm feeling so sick and tired
I can not sleep
Everybody's got their fingers pointing at me

I justed wanted you to go-go
I justed wanted you to go-go
I justed wanted you to go-go
I justed wanted you to go-go
