### Teenage Bottlerocket

Everyday I see you walking  
Is there a chance that you and I can talk and  
Go out get a movie  
Anything that will keep you close to me  
If you get scared if you get frightened  
We'll turn it off we'll turn on all the lights ooh whoa oh  
We'll tune to something that we always know

It seems you come from a thousand miles away  
I dream about you almost everyday
