

## Born Under A Good Sign

Teenage Fanclub

Born under a good sing  
I was raised in the sunshine  
I'm the first in a long time  
Into love, the moon, the trees, the stars, the sun

Step on the right track  
Love my folks and I call back  
I read books and I don't lack  
Into love, the moon, the trees, the stars, the sun

Rockin' a new way  
I play fives on a sunday  
It on a tuesday  
Into love, the moon, the trees, the stars, the sun
