

Tell your sins to me  
and I'll do them all over  
with you  
I know it's speed  
so I hope you'll come over

And I don't know if I'm  
going up or down, with you  
Don't know if I'm coming  
going up or down, with you  
But I don't mind

Change my thoughts of you  
when nothing's easy  
what comes true?  
Wet turns to blue  
when my thoughts are all over

And I don't know if I'm  
going up or down, with you  
Don't know if I'm coming  
going up or down with you  
But I don't mind

Say my prayers to you  
when my fun is all over  
and through  
I always knew  
when my fun would be over

And I don't know If I'm  
going up or down, with you  
Don't know if I'm coming  
going up or down, with you  
But I don't mind

Don't know if I'm going  
up or down, with you  
Don't know if I'm coming  
going up or down, with you  
But I don't mind
