

## Straight & Narrow

Teenage Fanclub

You were on the straight and narrow  
You were going round the bend  
and looking for a friend

Well you took off optimistic  
but you landed on your head  
and now you're walking dead

What did you find  
In the maze of your mind  
Did it feel like the end of the road

Cigarettes they burnt your fingers  
you were weak and you were sore  
but still you had to score

When they found you in the basement  
you were face down on the floor  
and you could take no more

What did you find  
in the maze of your mind  
did it feel like the end of the road

Didn't need a second warning  
When you saw the others die  
you couldn't even cry
