

## Sweet Days Waiting

Teenage Fanclub

Storm clouds in the harbour  
Dark waves have been drawing you in  
This big old world's getting harder  
Waiting for the troubled days to end

I know you're strong and I wish you well  
Caught like the air in a diving bed

Hard nights in the city  
Holding for the breaking of the dawn  
This big old world's getting darker  
Sometimes it's hard to know what's going on

'Round to the light is declining  
But somewhere beyond the horizon

Sweet, sweet days are waiting there for you  
Sweet, sweet days are waiting there for you  
There are sweet, sweet days waiting there for you  
There are sweet, sweet days waiting there for you  
Sweet, sweet days waiting there for you  
There will be sweet, sweet days waiting there for you
