

# Hang On to the Night

Tegan and Sara

Hang on to the night  
Watching each day pass you  
Hang on to your heart  
Like the future's gonna break through  
Hang on to yourself  
Lovers leaving and regret you  
Hang on to your heart  
'til you know they respect you

Hanging tonight, hanging tonight  
I dunno why I sweat this  
Hanging tonight, hanging tonight  
But I can't get past this  
Hanging tonight, hanging tonight  
I just felt so helpless  
Hanging tonight, hanging tonight  
And I just can't shake it

Hang on to the night  
Soon your mind is gonna lose you  
Hang on to your hope  
You have so much you gotta get through  
Hang on to yourself  
No good'll come from being untrue  
Hang on to your heart  
Lost is fame but it can stay through

Hanging tonight, hanging tonight  
I dunno why I sweat this  
Hanging tonight, hanging tonight  
But I can't get past this  
Hanging tonight, hanging tonight  
I just felt so helpless  
Hanging tonight, hanging tonight  
And I just can't shake it

Every time you take  
Take me home  
I fall down on the floor  
I can't take anymore  
Every time you pick  
You pick me up  
You tell me this is what love  
What all love is for

Hanging tonight, hanging tonight  
I dunno why I sweat this  
Hanging tonight, hanging tonight  
But I can't get past this  
Hanging tonight, hanging tonight  
I just felt so helpless  
Hanging tonight, hanging tonight  
And I just can't shake it
