

Knife Going In

Tegan and Sara

If I don't recover
Sell this house and find something else outside your window
Not forever
On the night I die I fell asleep outside your window

Feeling the way I'm feeling
Feeling I could kiss
Not enough
To kill me
I fall in love too fast
But I'm feeling it now
And I feel like kiss
Sleeping inches from me
I let it pass

Maybe shoulda stopped
Do you think I'll make it to the morning if it's written
Stitch it up
The kinda song I know causes momma, sister to worry

(3x):

Feeling the way I'm feeling
Feeling I could kiss
Not enough
To kill me
I fall in love too fast
But I'm feeling it now
And I feel like kiss
Sleeping inches from me
I let it pass
