Remember

Remember repent and repeat Come fall at the Saviors feet Let us leave the dry land And rest in God's plan Where all who are thirsty can drink We are the ones who believed In Jesus our Savior and King We are held in His hand And rest in His plan Where all who are thirsty can drink

We're down on our knees We're closing our eyes We're hiding Your word deep inside And Lord You know that we will always serve You We're down on our knees We're closing our eyes We're hiding Your word deep inside And Lord You know that we will always love You
