

## All Of A Sudden

### Telekinesis

All of a sudden it's the summertime  
It's changed so quickly and I don't know why and  
It's all right now, it's all right  
It's all right now, it's all right  
You could stay right here as long as you like  
It's kinda nice to have you by my side and  
It's all right now, it's all right  
It's all right now, it's all right

Tell me if I'm wrong, tell me if I'm right  
Tell you feel something, I'm not feeling nothing  
In my mind, in my mind

I know the answers but I keep them inside  
There's twenty-thousand of them run for your life and  
It's all right now, it's all right  
It's all right now, it's all right  
One day they're gonna find their way outside  
And that's the day I make you my wife and,  
It's all right now, it's gonna be all right  
It's all right now, it's gonna be all right now

Tell me if I'm wrong,  
tell me if I'm right  
Tell you feel something, I'm not feeling nothing  
In my mind, in my mind

Oh my dear, is there something wrong with me?  
Is there something wrong with me, I don't know

It's kinda funny how I wanna say,  
Things I'm thinking they just get away  
It's kinda funny how we close our eyes  
When we're kissing we turn out the lights

All of a sudden it's the summertime (2x)  
All of a sudden it's the summertime! (2x)
