

All Of A Sudden

Telekinesis

All of a sudden it's the summertime
It's changed so quickly and I don't know why and
It's all right now, it's all right
It's all right now, it's all right
You could stay right here as long as you like
It's kinda nice to have you by my side and
It's all right now, it's all right
It's all right now, it's all right

Tell me if I'm wrong, tell me if I'm right
Tell you feel something, I'm not feeling nothing
In my mind, in my mind

I know the answers but I keep them inside
There's twenty-thousand of them run for your life and
It's all right now, it's all right
It's all right now, it's all right
One day they're gonna find their way outside
And that's the day I make you my wife and,
It's all right now, it's gonna be all right
It's all right now, it's gonna be all right now

Tell me if I'm wrong,
tell me if I'm right
Tell you feel something, I'm not feeling nothing
In my mind, in my mind

Oh my dear, is there something wrong with me?
Is there something wrong with me, I don't know

It's kinda funny how I wanna say,
Things I'm thinking they just get away
It's kinda funny how we close our eyes
When we're kissing we turn out the lights

All of a sudden it's the summertime (2x)
All of a sudden it's the summertime! (2x)
