

Foreign Room

Telekinesis

I was walkin' through the night
underneath the starry, starry sky
All alone and full of fright, I came to realize
You won't believe the things I say
Struggle each and every day, each and every day

oh oh oh oh oh oh oh oh
oh oh oh oh oh oh oh oh

Freaked out in a foreign room
with a love and I
Quick glance, is it really you?
You gave me quite a fright
Into the living room, where we danced all night
Then I woke up beside you in a fake, but maybe real life

Foreign room

Came in flashing your gun, story of my life
In a picture, we were young
Well, look at us now
Cross the globe a thousand times
but I never made it back
Back to the foreign room, now I lead a foreign life

I know this is going to happen every which way
Too fast and then too slow, I watch it every day
I know this is going to happen every which way
Too fast and then too slow, I watch it every day

But I'm, Not gonna let this get me down
Not gonna let this get me down
Not gonna let this get me down
Not gonna let you get me down

Oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh
