## Wires

Telekinesis

Usually the way this path is crushing me And I'm not free All night torn in bed Sneer at me. Wires, wires I see. Wires, wires I see. Wires, wires I see. Wires, wires I see. Energy, the silence acts same as, infest please Dance of the weak, lost and found I am free And I know my heart is a color code And there's not a lot of colors left Then I see the moon, you can't know. Wires, wires I see. Wires, wires I see.
