I need you tommorow
I need you everyday!
I'll carry your sorrows
one with blue eyes
Eyes like the ocean and me I cant fly!

Its crazy story, my time is now!
I need us to carry on
Im sorry i was wrong
My love is not empty
I still think you fine!!

Ten svět je náš, je to dar tak se snaž, času je málo vždyť to z náš!!

I need you tommorow
I need you everyday!
I'll carry your sorrows
until I lay to rest!
and with you by my side
we laugh till we cry!
