## **All Night Thing**

## **Temple of the Dog**

She motioned to me That she wanted to leave And go somewhere warm Where we'd be alone I do not know, what's going on But I'm guessing it's an all night thing

If it's an all night thing Nobody is gonna make it end And if it doesn't begin Don't worry that I'll that offense And if it's an all night thing And we fall like a tear falling To the ground I'll never come around And you'll never hear a word from me If it's an all night thing

I walked along, feeling at ease And falling like rain Into her scheme She won't let on what that will be But I'm guessing It's an all night thing

If it's an all night thing Nobody is gonna make it end And if it doesn't begin Don't worry that I'll take offense And if it's an all night thing And we fall like a tear falling To the ground I'll never come around And you'll never hear a word from me If it's an all night thing
