Blame

Temposhark

Blame – You can't blame me
Love – If you pay me
Hope – Keep smiling through the days
Habit forming
And I don't care what you think of me
No I don't care what you think of me

Greed – Money greedy
Gold – Dirty money
Feel no shame – You take the blame
No means nothing to me

Everytime I let go – Stay behind me love
Anytime I jump off – Be there to pick me up
Love is all we've got
I'm never going to give up
If love is all we've got

Sky – Don't let it fall on
Me – I try to climb you see
Every night is longer and I care about you less
I've lost all sense of time – Open clouds ahead
Engulf with steady tide and I am floating high up

Everytime I let go – Stay behind me love
Anytime I jump off – Be there to pick me up
I'll die before I stop
I'm never going to give up
I'll die before I stop

Blame – You can't blame me
Love – If you pay me
Hope – Keep smiling through the days
Habit forming
And I don't care what you think of me
No I don't care what you think of me

Everytime I let go – Stay behind me love
Anytime I jump off – Be there to pick me up
Love is all we've got
I'm never going to give up
If love is all we've got
