

## Switch Off

Temposhark

Sell me a dream, a self-help machine  
Show me the way to a life remade  
Sell me belief, from uptight to release  
We're halfway to complete let's wipe my memory  
Bring It On  
How long 'til we break this?  
Bring It On  
I think we've gone too far  
Bring It On  
How long can we fake this?  
Bring It On  
I think we've gone too far  
Switch Off  
I think we've gone too far  
Switch Off - Switch Off - Switch Off  
Handshake the desert strip  
Disorder program sands

All jump aboard my ship  
Choose a colour - Paint the land  
Whose grand idea is this?  
Sharper waves communicate  
Cut and paste make it fit  
What a kick to create  
Sell me a dream, a self-help machine  
Show me the way to a life remade  
Sell me belief, from uptight to release  
We're halfway to complete let's wipe my memory  
Bring It On  
How fast can we make this?  
Bring It On  
I think we've gone too far  
Bring It On  
How long can we take this?  
Bring It On  
I think we've gone too far  
I think we've gone too far
