

Giving Gravity A Hand

Ten Foot Pole

Triple bypass
Knocked on his ass
The doctor told him not to smoke

He dims the light
But late at night
Puffing through the tube jammed on his throat
Giving gravity a hand

Feels all right, feels all right
Cutting life short by making it grand
Giving gravity a hand

Giving gravity a hand
Feels all right, feels all right
Giving gravity a hand
One step closer to the promise land, yeah
Scars from road rash

Gifts ffom each crash
Memory of road grinding my bone
I die inside
If i can't ride carving through the canyons flying home
