

## Giving Gravity A Hand

Ten Foot Pole

Triple bypass  
Knocked on his ass  
The doctor told him not to smoke

He dims the light  
But late at night  
Puffing through the tube jammed on his throat  
Giving gravity a hand

Feels all right, feels all right  
Cutting life short by making it grand  
Giving gravity a hand

Giving gravity a hand  
Feels all right, feels all right  
Giving gravity a hand  
One step closer to the promise land, yeah  
Scars from road rash

Gifts ffom each crash  
Memory of road grinding my bone  
I die inside  
If i can't ride carving through the canyons flying home
