

What You Want

Ten Foot Pole

Is there something you should tell me?
Is there something I should know?
I guess I thought that you were happy
But your eyes tell me. . .

Was the attention all that you needed?
Did we miss your silent cries?
Is it too late to try?
Who do you want to see?
Who did you want to be?
Is it too late?
Can you tell me what you want?
Can you tell me what you need?
I can't read your mind
But would I understand if I could?
I can't tell you what you want
I can't tell you what you need
I can't read your mind
But would I understand if I could?

I see something in your eyes
Exactly what I can't tell
And I'm still listening
Exactly why I don't know

Can you feel it?
Can you find it?
Well I can't take it
And I can't fake it anymore
