

# You

Ten Sharp

It's all right with me  
As long as you  
Are by my side

Talk or just say nothing  
I don't mind your looks never lie  
I was always on the run  
Finding out what I was looking for

And I was always insecure  
Just until I found

Words often don't come easy  
I never learned  
To show you the inside of me  
I know my baby

You were always patient  
Dragging out what I try to hide

I was always on the run  
Finding out what I was looking for  
And I was always insecure  
Until I found

You, you were always on my mind  
You, you're the one I've been living for  
You, you're my everlasting fire  
You're my always shining star

The night's always a good friend  
A glass of wine, and the lights are low  
You lying beside me, me full of love  
And filled with hope...

You, you were always on my mind  
You, you're the one I've been living for  
You, you're my everlasting fire  
You're my always shining star
