

Stone Me

Ten Years After

Stone me, stone me - see if I care,
It won't get you no-where.
Stone me, stone me, I am free.
I can't deny - I am high;
High on my own, out of this zone.
And I can't cry no more, I been down on the floor.

Stone me, stone me, straight down the road,
Carry your load.
Ride on, ride on, I am strong.
I can't explain, I feel no pain;
Feeling so strong, I just keep going on.
And I don't give a damn, 'cause I am what I am.
