

## Working in a Parking Lot

Ten Years After

Well I took this job when I moved to the city last year  
There ain't one thing I need, I've got it all right here  
Porsches, Ferraris, Mercedes Benz  
A lot of pretty women that I call friends  
Wrote back home and said I'm doing real good  
I'm working in a parking lot in Hollywood

Found a two room shack I guess you'd call it open plan  
Got a yard out back that I share with a pool-clean man  
Sign read welcome to view, I got no view at all  
Looking out the window, staring at the wall  
If I could see 'round corners things would look real good  
I'm working in a parking lot in Hollywood

I got all I need to get my thrills  
Don't drink no booze - don't take no pills  
Drive fast cars with big wide wheels  
I'm working in a parking lot in Beverly Hills

She was one in a million the kind that looks real nice  
I thought I'd ask her for some good advice  
I saw you getting out that limousine  
Looking like you do on the movie screen  
You know I'm an actor, people say that I'm good  
But I'm working in a parking lot in Hollywood

I got all I need to get my thrills  
Don't drink no booze - don't take no pills  
Drive fast cars with big wide wheels  
I'm working in a parking lot in Beverly Hills

I got all I need to get my thrills  
Don't drink no booze - don't take no pills  
Drive fast cars with big wide wheels  
I'm working in a parking lot in Beverly Hills

I got all I need to get my thrills  
Don't drink no booze - don't take no pills  
Drive fast cars with big wide wheels
