

## Love Song

Ten

So you think that it's over  
That your love has finally reached the end  
Any time you call night or day  
I'll be right there for you

When you need a friend  
It's gonna take a little time  
Time is sure to mend your broken heart  
Don't you even worry pretty darling

'Cause I know that you'll find love again  
Love is all around you  
Love is knockin outside your door  
Waiting for you

Is this love made just for two  
Keeping on (you'll find) you'll find love again I know  
(2x)  
It's all around!  
Love will find a way

Darling love is gonna find a way  
Find it's way back to you  
Love will find a way  
So look around open your eyes

Love is gonna find a way  
Love is gonna, love is gonna find a way  
Love will find a way  
Love is gonna find a way back to you

I know
