

Love Song

Ten

So you think that it's over
That your love has finally reached the end
Any time you call night or day
I'll be right there for you

When you need a friend
It's gonna take a little time
Time is sure to mend your broken heart
Don't you even worry pretty darling

'Cause I know that you'll find love again
Love is all around you
Love is knockin outside your door
Waiting for you

Is this love made just for two
Keeping on (you'll find) you'll find love again I know
(2x)
It's all around!
Love will find a way

Darling love is gonna find a way
Find it's way back to you
Love will find a way
So look around open your eyes

Love is gonna find a way
Love is gonna, love is gonna find a way
Love will find a way
Love is gonna find a way back to you

I know
