

Virtual Reality

Ten

I look at you
You're unaware of all that
My eyes can see
My love for you
Beyond compare
For nothing means more to me

I just can't define what I feel
For you always help me
Make it through

You are,
Lady you are the one
Helping keep my sanity tonight
You have in a moment become
Virtual reality
Tonight

Sometimes I wake
And in my mind
I still can't believe it's true
That I'm the one
You're beside
That I am enough for you.

Baby you're the one
That I've wanted for
Everything I am is yours
You are
Lady you are the one
Helping keep my sanity tonight
You have in a moment become
Virtual reality
Tonight

I think of you
It's so intense
That life merges fantasy
I know no fear of consequence
I taste immortality
I just couldn't live here
Without you know,
Nothing would exist somehow

You are
Lady you are the one
Helping keep my sanity tonight
You have in a moment become
Virtual reality
Tonight
