

Take Me To Heaven

Tennis

There's nothing left for me
There's nothing there for me
So far as I can see
There's nothing left for me

As a child I was told
We all possess a soul
And one day when I'm old
I re-shot, been more bold

Oh, my mistakes, imperfections, they make me
Long for a place where they can't overtake me

There's nothing there for me
There's nothing there for me
So far as I can see
There's nothing there for me

But if you're only passing through
Then please don't forget when you do
But if you're only passing through
Then take me to heaven with you

I'd never believe in what I can't see
Oh, if all you say is true
Then take me to heaven with you

When I pass away
This will fade away
What promises I make
I know I may not stay

When I pass away
All this will fade
My promise I made
I know I may not stay

There's nothing there for me
There's nothing there for me
So far as I can see
There's nothing there for me

But if you're only passing through
Then please don't forget when you do
But if you're only passing through
Then please don't forget when you do
If you're only passing through
Then take me to heaven with you
If you're only passing through
Then take me to heaven with you

I'd never believe in what I can't see
Oh, if all you say is true
Then take me to heaven with you
