

No Man Is An Island

Tenth Avenue North

I won't run, I will stay
I'm not leaving you
I know there's friction here
The struggle makes us new

I wish you never thought you had to go
Wish you never thought you had to leave
Together we can lift each other up
We can build a shelter for the weak

No man is an island, we can be found
No man is an island, let your guard down
You don't have to fight me, I am for you
We're not meant to live this life alone

I see fear in your eyes
There's no safety here
Oh, my friend, let me in
I will share your tears

I wish you never thought you had to go
I wish you never thought you had to leave
We can always lift each other up
We can build a shelter for the weak, come on

No man is an island, we can be found
No man is an island, let your guard down
Please don't try to fight me, I am for you
We're not meant to live this life alone

Through trouble, rain, or fire
Let's reach out to something higher
Ain't no life outside each other
We are not alone
Through trouble, rain, or fire
Let's reach out to something higher
Eyes open to one another
We are not alone

No man is alone
Why you try to fight me
We don't have to do it alone
We don't have to do it alone
We don't have to do it alone
