

Strong Enough To Save

Tenth Avenue North

You fought but you were just too weak
So you lost all the things you tried to keep
Now you're on your knees
You're on your knees

But wait, everything can change
In a moment's time
You don't have to be afraid
'Cause fear is just a lie
Open up your eyes

And He'll break open skies
To save those who cry out his name
The One the wind and waves obey
Is strong enough to save you

Look, an hour's not too late
Lift up your head
Let the rain fall on your face
You're not far from grace
You're not too far from grace

And He'll break open skies
To save those who cry out his name
The One the wind and waves obey
Is strong enough to save you
Break open skies
To save those who cry out his name
The One the wind and waves obey
Is strong enough to save you

I know the weight of this world
Can take you down like gravity
I know the current of yourself
Can take you out, out to sea
But hold on, hold on

And He'll break open skies
To save those who cry out his name
The One the wind and waves obey
Is strong enough to save you
Break open skies
To save those who cry out his name
The One the wind and waves obey
Is strong enough to save you
