you don't have to go on like this  
there's so much more for you, I give you everything there's not  
hing you will ever miss  
all the people will abuse you in this life  
society will always fuck you up and politicians they'll always  
lie

you don't have to go on like this  
you don't have to go on like this

have you ever been on a trip like this  
since the end of all your fears  
free your mind and just take everything you need  
I take all the pain when you want me  
show you what you have never seen  
I am the synthetic seduction  
I'm everything you need

you don't have to go on like this  
you don't have to go on like this

do you feel like nothing goes your way  
do you ever think about what could be someone tells you "that's  
ok"  
when you look in the mirror what do you see  
is this what you want to see do you really think that's the onl  
y way life could be

you don't have to go on like this  
you don't have to go on like this

you don't have to go on like this  
there's so much more for you, I give you everything there's not  
hing you will ever miss
