

## Pull The Trigger

### Terminal Choice

You try to break me with your violent words  
You know everything you do hurts  
You can never change my point of you  
I have to denied everything you do

And I am waiting for the moment  
When I look into your eyes  
I pull the trigger  
I hear the gunshot  
I see your brain spread on the wall  
This is the last time that I see you  
You can't hurt me anymore  
The final solution to find my freedom  
To solve this problem  
Now you're dead

All the pain you're sowing comes back to you  
I know there's nothing you can do  
You can't escape my unstoppable hate  
Don't turn around 'cause it's to late
