

# The Eternal Evil

## Terminal Choice

it's me you fear  
it's me you run away from  
it's me, i'm your nightmare  
and i know you can't escape

i am your hidden fear  
i am the evil inside  
i am the plague of your life  
i'm your bad dream at night  
i bring all the pain in your life  
i'm the deadly disease you fear  
i'm the demon, the absolute evil  
i'm in your brain and in your soul

it's me you fear  
it's me you run away from  
it's me, i'm your nightmare  
and i know you can't escape

you can't imagine how evil i am  
i bring death and pain to ev'ry man  
i kill women, children and you  
and there's nothing, nothing you can do
